Lenovo V15 GEN 3 IAP LAPTOP

Version 1 | April 2022

The powerful yet portable Lenovo V15 Gen 3 *i* laptop meets today's on-the-move hybrid employees and students' performance, convenience, and quality requirements.

Compact and lightweight, it delivers bold visuals on an optimized FHD IPS or TN display and modern audio-visual management capabilities for optimizing digital meetings. Productivity features and generous connectivity speed user tasks, while the latest in remote management and security give IT control of device updates and data privacy.

Powered by the 12th Gen Intel® Core™ i7 Processor, high-speed graphics, and plenty of memory and storage, the V15 Gen 3 *i* offers the industry's highest performance-to-cost ratio available in an entry-level laptop.

No-Compromise Economy: users get cutting-edge tech at a budget-friendly price. Experience superior multitasking productivity with 12th Gen Intel® Core™ i7 Processor. Up to 16GB RAM, and up to 512GB SSD and 1TB HDD storage deliver ultra-fast response times, even when multitasking. Intel® Connectivity Performance Suite helps improve network capabilities. With this power boost, the experience of working online is taken to the next level.

Immersive Experiences: the 15-inch display with a four-sided narrow bezel and 88% screen-to-body (STB) ratio improves viewing detailed applications like spreadsheets. FHD TN screen with 250nits or FHD IPS screen with 300nits delivers quality visuals, even at wider viewing angles.

Universal Connectivity: users get fast access to all their peripherals and networks with six standard I/O ports. USB Type-C handles data transfer, HDMI delivers audio and video, and USB 3.0 and USB 2.0 ports connect to accessories.

More Productive Conferences: digital meetings have become a regular occurrence for hybrid workers and students. Now, participants can get more done thanks to Intelligent noise cancellation and background-blur features that minimize distractions. Users stay focused on the work at hand, not fiddling with technology. Microsoft Teams within Windows 11 lets you share content straight from the taskbar and mute or unmute participants to improve collaboration.

ITDM Benefits

Easy Manageability: Lenovo V15 Gen 3 *i* is an economical choice for businesses and enables easy IT deployment and management. Accomplish tasks quicker with powerful processing that enables smoother multitasking.

Secure Data and Device: protect sensitive data with business-grade security features. Stay private online with the Camera Privacy Shutter. Firmware-based TPM 2.0 encrypts sensitive information, preventing breaches and data leaks. Windows 11 delivers strong built-in security down to the hardware level, isolating and encrypting data, and preventing malware attacks.

Advanced Protection: Intel® Core™ processors are equipped to provide advanced protection. It helps shut down an entire class of attacks that long evaded software-only solutions and protect sensitive OS data such as user login credentials from malware attacks. Built-in Below-the-OS Security helps protect from firmware attacks during device startup.

SERVICES

Lenovo offers a comprehensive portfolio of services to support and protect your investment—so you can focus on your work, not your IT.

Premier Support

Provides direct access to skilled and experienced Lenovo technicians offering comprehensive hardware and software support. Gives you a consistent point of contact within Lenovo to ensure that your case resolution is professionally managed from start to finish.

Accidental Damage Protection (ADP)

Prevents the hassles of unexpected repair costs. Provides coverage for non-warranted damage incurred under normal operating conditions, such as minor spills, drops, or damage to the integrated screen.

Warranty Extension (1-year base, up to 3 years)

This fixed-term, fixed-cost service helps you accurately budget for your IT expenses, protect your valuable investment, and lower the cost of ownership over time.

¹Dual drive storage supports up to 1TB HDD + 256GB SSD only
